A Letter from the CEO

IT IS MY DISTINCT PLEASURE TO WELCOME YOU TO RIVERWALK COMMUNITIES. WE ARE PROUD OF OUR HERITAGE. OUR COMPANY IS LOCALLY OWNED AND OPERATED DATING BACK TO OCTOBER 1, 1989.

We are the largest provider of assisted living and senior day care services in Southern Indiana. But, more importantly, we are proud of the high quality services provided by our experienced management team and dedicated staff.

Simply stated, our mission is to enhance quality of life for our residents and day care members through active socialization, proper nutrition and medical care management.

I personally invite you to visit Riverwalk Communities and experience our services. Our 88,000 square foot facility has many ancillary services including physical, occupational and speech therapies; mental health assistance programs; independent home health; nurse practitioners; full service dining; gift shop; canteen; out-trips; spacious lounge areas and an interfaith chapel.

We appreciate you taking the time to check us out! But a "picture is worth a thousand words". Please come and tour Riverwalk Communities conveniently located in the heart of downtown Evansville.

Sincerely,
Mike Weber
CEO/OWNER
